

Teatro delle Radici  
[ 28th INTERNATIONAL LABORATORY ]

# [ FAMILY PORTRAITS ]

from 13 to 28 August 2016

## THEME

Year after year, the International laboratory of the Teatro delle Radici, directed by Cristina Castrillo and Bruna Gusberti, has searched and deeply studied a way to intend and promote the creative act and the personal work of the actor. In this **28th** new section edition, the laboratory will be focused on expressive cues which concern the family sphere.

## CONTENT

As well as the usual physical preparation and the development of the introspective world, which are at the basis of the creative techniques of the Teatro delle Radici. The emphasis will be on working out exercises and proposals which focus on personal material linked to familiar images. From those recurrent and insistently present in each of us, even though we don't really know where they come from, to those which directly are closely connected to family figures, to the profile of one's own family.

## STRUCTURE

The participants will be present throughout the whole established period.

As usual, the workshop foresees, besides the pedagogical approach directed by Cristina Castrillo, the presence of special guests as well as working presentations, performances and interventions on the topic.
